The 2015 Men’s 4 Ball Better Ball was played on a hot, humid July afternoon. Plenty of liquid refreshments were consumed during the round and many more afterwards.

Congratulations to Peter Beerli & Kevin Beerli for winning the event. They also posted the best gross score of the day, firing a 6 under par round of 66.

Again this year, the format of the event was changed – eliminating the sorting of teams by handicap classes and creating a full field event. In future years, a full field event for this event would be a positive change.

More care is needed by some players in recording their correct scores. No one was disqualified but some teams could have been, turning in incorrect scorecards.
