Two steamy hot days of weather greeted the players for the Men's Senior Club Championship. The course was in beautiful shape and the greens were running fast – players needed to respect the greens.

After Saturday's first round of play, 7 players posted scores of 77 or better. The competition going into Sunday would be fierce. In the end, Bill Mason fired a 75 on Sunday to win the Senior Club Championship by 1 shot over Ken Zubricki.

Ken almost tied it when his eagle pitch shot on # 18 stopped agonizingly close to going in.

Bill will now represent Mississippi at the Tournament of Champions being held in September.

Great competition was evident with the scores posted.

Special thanks to Gary Hobin for the scorekeeping duties on Saturday.

The Saturday round is not just the 1st round of the Senior Club Championship, but is also the 3rd qualifying round for the Quattrocchi, Fraser and Longpre teams, as well as the 2nd qualifying round for the Ashley / Brown and Men's Senior intersectional.

This is a busy day and patience is required by all competitors. I really can't stress this enough – the results will be posted as soon as possible ... please bear with us as we go through this scoring situation.

Reg Plaster stepped up this year and volunteered to look after the senior events. After his rounds of golf, he also had to look after the scoring for both senior events that were wrapping up. He did a great job and also felt the pressure from players trying to find out if they made the Ashley Brown and/or the Senior Intersectional teams. Patience please.

In addition, both Bob Rose (both days) and Ron Mathews (Sunday) volunteered to help out with the scorekeeping. Greatly appreciated guys.

And thanks to many of the players for staying around after your round on Sunday to be part of the prize presentation to Bill Mason and others who earned prizes. My thanks to all of you and anyone else who helped out during this very busy weekend.

Thanks also to Dan Kolar, Terry Kolar and Joey Irvin for their help in the Pro Shop and also the unenviable task of coordinating the power cart requirements for a great majority of the players.
